Application/Control Number: 09/806,636

Art Unit: 1615

The rejection of Claims 1-24 under 35 U.S.C. 103(a) as being unpatentable over Savastano *et al.* in view of Watanabe *et al.*, and Hashimoto *et al.* is maintained with respect to Claims 1-7.

. Response to Arguments

Applicant's arguments filed 25 November 2002 have been fully considered but they are not persuasive.

In response to applicant's argument that the examiner's conclusion of obviousness is based upon improper hindsight reasoning, it must be recognized that any judgment on obviousness is in a sense necessarily a reconstruction based upon hindsight reasoning. But so long as it takes into account only knowledge which was within the level of ordinary skill at the time the claimed invention was made, and does not include knowledge gleaned only from the applicant's disclosure, such a reconstruction is proper. See *In re McLaughlin*, 443 F.2d 1392, 170 USPQ 209 (CCPA 1971).

The applicant's arguments are based on what the examiner sees as a narrow interpretation of both the claims and the prior art. It is the position of the examiner that one of ordinary skill in the art, giving both the prior art and the claims in their present form their broadest reasonable interpretation, would find the claimed invention obvious in view of the prior art. See MPEP § 2111 and 2123. Watanabe and Hashimoto were used primarily as teaching references in the examiner's previous office action. The scope of the inventions embodied in Claims 1-7 allow for the prior art to be applied against it, and as such, these claims stand rejected.

Allowable Subject Matter

Page 4

Claims 28-31 are allowed.

Claims 8-27 are objected to as being dependent upon a rejected base claim, but would be allowable is the claims are amended according to the proposed terms discussed in the telephone interview of 14 February 2003.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
